

TC Cryptocurrency

Crypto money that the whole world can use in common

WHAT IS TICOIN (TC) ?

It is a crypto money created in the TRC20 infrastructure to be used in games and applications of Taner Games & Application Company.

TICOIN (TC), which is currently trying to collect both distribution and investment with the Google Play application, will provide convenience to its users and investors with its new projects.

Thanks to our upcoming new projects and our representatives to be appointed around the world, TICOIN (TC) will be suitable for interstate exchanges.

TTcoin is a cryptocurrency that distributes to users thanks to cloud mining and collects the budget to be opened to the stock market thanks to advertising revenues.

TTcoin, whose logo is a wolf cub, shares his team and their projects without hesitation.

With representatives around the world, TTcoin also develops and creates an Environment of Trust.

What is TRC20 ?

TRC20 network; Networks used by digital wallets to send, receive or share digital assets between wallet addresses. The ERC-20 network has strong firewalls built on the blockchain base and consists of secure smart contracts.

TOKEN DISTRIBUTION PLAN

TTcoin has reached huge audiences around the world in a very short time. This led to a change in the distribution plan and small profits.

Apart from that, mining will continue indefinitely.

You can earn more TTcoins with referral earnings.

TTcoin Founders

TTcoin has opposed cryptocurrencies that keep users waiting for a long time, such as Bee network and Pi network.

The TTcoin team offers users a new investment opportunity. Apart from these, the TTcoin team is after branding TTcoin rather than just being a cryptocurrency.

Tunahan Taner (CEO)

Tayfun Taner (CEO)

Tcoin has active representatives all over the world.
